### CAREER OBJECTIVE:

To leverage expertise in HTML, CSS, JavaScript, Bootstrap, React, PHP, and SQL as a frontend developer, crafting intuitive and visually appealing web experiences. Striving to blend technical proficiency with creative design to drive innovation and exceed user expectations in the dynamic realm of web development.

## Projects

### Home interior design Websites –

Designed and developed a captivating home interior website leveraging HTML, CSS, and JavaScript to create an engaging user interface and seamless navigation. Implemented responsive design principles for optimal viewing across devices, ensuring a user-friendly experience. This project emphasized a fusion of creativity, functionality, and technical expertise to provide users with an immersive exploration of interior design possibilities.

**Skills Utilized:** HTML, CSS & JavaScript.

**GitHub:** https://github.com/Shanmugam13/Interior-Designer-Website

### TO-DO List using React JS -

The "TO-DO List" project was developed using React JS, a popular JavaScript library for building user interfaces. The application allowed users to add, update, and delete tasks in a convenient and intuitive manner. By employing HTML and CSS, I ensured a visually appealing and responsive design that adapts seamlessly to various screen sizes

**Skills Utilized:** HTML, CSS, JavaScript & React JS

**GitHub:** https://github.com/Shanmugam13/To-Do-List-using-react.js

### Aari & Embroidery websites:

Designed and developed a captivating Aari works and embroidery design website using React JS, showcasing a collection of intricate handmade designs. Collaborated closely with the boutique owner to ensure the website aligned with their brand identity and provided an intuitive user experience.

**Skills Utilized:** HTML, CSS, JavaScript, Bootstrap, React JS, SQL & Xampp

**GitHub:** https://github.com/Shanmugam13/Haut_Rage

## Certified Course:

Certificate Course in Web Development and React.js,

**Skills:** HTML, CSS, JavaScript, React.js, PHP, SQL, Bootstrap

**Institute:** Softlogic Solution

**Location:** Chennai, India
**Dates:** 28th March 2023- 18th August 2023

## Technical Skills:

- Front End Development: HTML, CSS, JavaScript, Bootstrap
- PHP & SQL
- Web Frameworks: React.js
- Responsive Design
